Project

: JAP006-800/ The Palm Jumeirah Villas

Garden Homes (Classical, Traditional and Modern Themes)

Contract

: PJ.013.31.D- Supply and Delivery of Marble Borders

Subject

: Testimonial

I would like to congratulate Velencia and Mosart on your outstanding performance on the marble works in the Palm Jumeirah Villa program. The extent of your scope, 197 villas, completed within the prescribed time and established quality standards, makes your accomplishment that much more impressive.

Your success achieved is a product of the organization and people you put in place. The system worked flawlessly from material supply, fabrication, site logistics, installation, quality control, and desnagging; and as a result your delivered product exceeded our expectations.

A very special recognition is necessary for Joseph Iliovits, who managed your day to day operation from the first villa through project completion. Joe's commitment to this project's success, working seamlessly with our organization, as well his personal standard of excellence puts him in a class by himself.

It is a pleasure to work with contractors of your distinction.

Very truly yours,

For Nakheel Palm Jumeirah

David P. Coletti AIA
